

Hello Dear Team,

All of us at the Great Commission Alliance (GCA) thank God for you! 2023 has been wonderful so far, as GCA teams have been training believers all over the Middle East, South Asia, South America, and the US. And, there's big news we are excited to share—**our first GCA training center!**

After much prayer, fasting, and team discussion, we began looking for a place with office space (for video, audio, and print projects), residential space (for hosts, students, and partners), meeting space (for training), and an RV space (for a traveling training team). God led us to a property in Albuquerque that met these criteria, and **He did a miracle.** Through the generosity of donors and a past training center fundraising project, we were able to purchase it.

The facility is already being used and renovations are getting started. We are ecstatic about God's provision and full of anticipation about all He has planned for this and future GCA training centers all around the world. We'll share more on all of this soon.

To celebrate and share this miracle with you, we are hosting an **Open House BBQ** at the Great Commission Training Center, on **July 11th at 6PM!** Please scan the QR code below, or visit greatcommissionalliance.org/GCTC, to RSVP and learn more about how you can be involved in the work here. Thanks!

Your prayers and support were instrumental in this first GCA training center miracle. Thank you so much for partnering with us in multiplying Christ-like multipliers until the Great Commission is completed!
